

# QUERETARO BENCH

CODE: BANCA-QUERÉTARO

## DESCRIPTION

The Queretaro Bench is a backless urban furniture engineered to deliver strength, comfort, and visual appeal in exterior and interior spaces. Built with a robust steel frame and outdoor-treated wood, the bench is ideal for green areas, public squares, malls, and recreational zones, ensuring reliable durability against weather exposure.

Finished with electrostatic powder coating and complemented by specially treated wood, the bench features exceptional durability against harsh weather and extended sunlight, with built-in UV protection.

## FEATURES

- Electrostatic powder coating on steel ensures a smooth, corrosion-resistant finish and extended lifespan
- Wood is coated with a protective sealer to withstand rain, sunlight, and temperature fluctuations
- UV treatment preserves color and prevents sun-induced degradation
- Accommodates 2-3 people comfortably, depending on the bench length
- Backless design with a clean, minimalist aesthetic suitable for urban spaces

Weather-change resistant

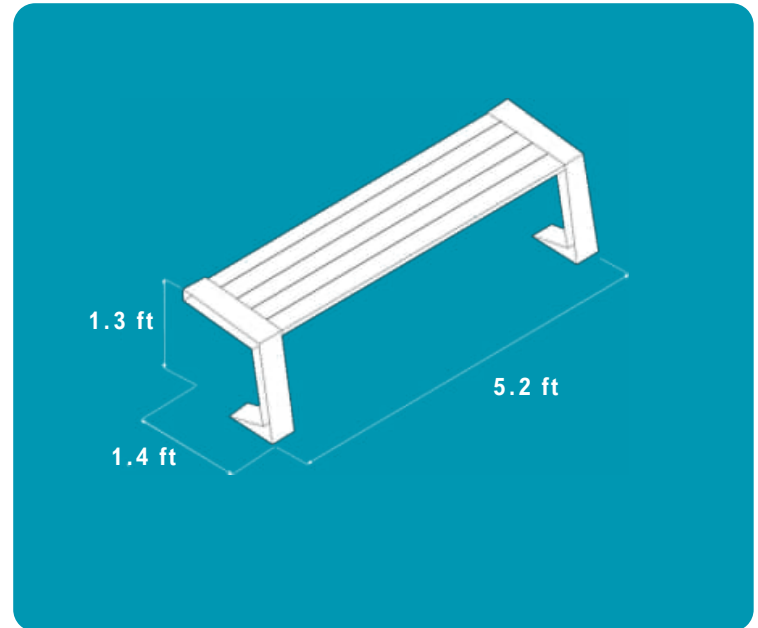

Manufactured from recyclable and sustainable materials

For outdoor spaces

## DIMENSIONS

 Length	5.2 ft
 Width	1.4 ft
 Height	1.3 ft
 Weight	50.7 lb
