

REST BENCH

CODE: BANCA-DESCANSO

DESCRIPTION

The Rest Bench features a contemporary, functional design for urban spaces and is built from 100% high-strength polymer, providing a sustainable, durable, and low-maintenance option. It is engineered to deliver comfort, long-lasting performance, and a clean aesthetic in parks, gardens, plazas, and a wide range of public or private areas.

It can be installed indoors or outdoors, as it is made from materials that withstand harsh weather conditions, including rain, sun, hail, wind, and snow.
