

PROMENADE PARK BENCH

CODE: BANCA PASEO

DESCRIPTION

The Promenade Park Bench is designed to provide comfort and style in outdoor spaces, making it the perfect resting point for parks, gardens, recreational spaces, and waiting zones. Manufactured from high-strength polymer, this bench delivers exceptional resistance to impacts and adverse weather conditions, ensuring long-term durability.

Featuring plastic lumber boards, the unit offers a warm and sophisticated appearance that balances durable performance with contemporary design, integrating harmoniously into a wide range of environments while delivering both functionality and style.

With seating for up to five users, it enables shared outdoor experiences while maintaining a high level of comfort for everyone.

FEATURES

- Engineered to withstand heavy impacts, repeated use, and deformation without compromising performance
- Ensures a solid, uniform build with a seamless appearance
- Built using premium plastic lumber boards
- Enhanced with UV-resistant additives that maintain color vibrancy and safeguard the structure from sun-induced fading and degradation
- Designed for secure installation through high-strength anchoring mechanisms

Weather-change resistant

Manufactured from recyclable and sustainable materials

Impact- and deformation-resistant

DIMENSIONS

 Length	78.7 in
 Width	22.8 in
