

GERMAN MODEL 580R VENTED PALLET BIN

CODE: BIN 580R

DESCRIPTION

The German Bin 580 Vented Container is designed to withstand the demands of daily industrial use, maintaining product integrity throughout storage and handling processes.

Well suited for agricultural producers, packing facilities, automotive operations, and retail environments, this bin helps reduce product waste and lower transportation-related logistics costs.

A hygienic design limits cross-contamination from germs and bacteria, providing safe handling for sensitive products.

FEATURES

- Resistant to acidic, basic, and alkaline agents
- Built for long service life in demanding industrial environments
- Reduces contamination risk associated with germs and bacteria
- Optional components include protective lid, raised feet, and drain valves
- Forklift and pallet jack entry available from all sides
- High resistance to acidic, basic, and alkaline substances

Resists sudden temperature changes

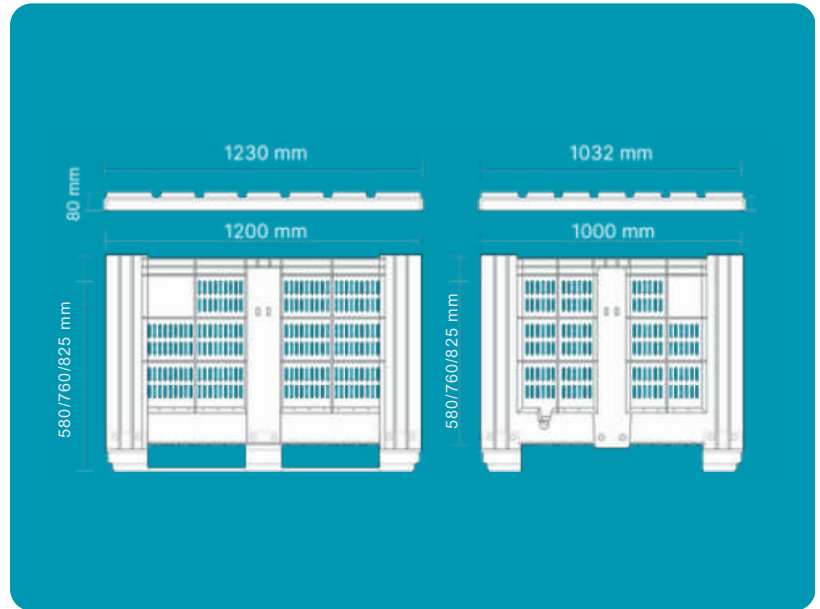

These containers are used in industrial environments

Designed with forklift access for efficient handling
