

YELLOW BIHW BAG

DESCRIPTION

This bag is engineered for the safe collection and disposal of Biological-Infectious Hazardous Waste. It is suitable for sharps, contaminated dressings, and anatomical waste generated in hospitals, clinics, and laboratories. It complies with applicable sanitary and safety standards, providing a dependable solution for regulated waste management. Designed to support proper handling procedures and to help safeguard personnel and the environment.

Manufactured with a chlorine-free material and ultra-low heavy-metal content, this bag is optimized for facilities that require controlled incineration. Its specialized formulation promotes clean burning and significantly reduces harmful emissions.

FEATURES

- Complies with regulatory requirements for Biological-Infectious Hazardous Waste management
- Recommended for use in hospitals, clinics, laboratories, and healthcare facilities
- High-visibility yellow color for quick and accurate waste identification
- Helps reduce exposure risks and contamination incidents
- Compact, easy-to-store design
- Printed with biohazard symbol and safety legend for compliant handling

Complies with
**NOM-087-SEMARNAT-2002
STANDARD**

Biological
waste only

Hazardous
waste only

Sharp object
protection

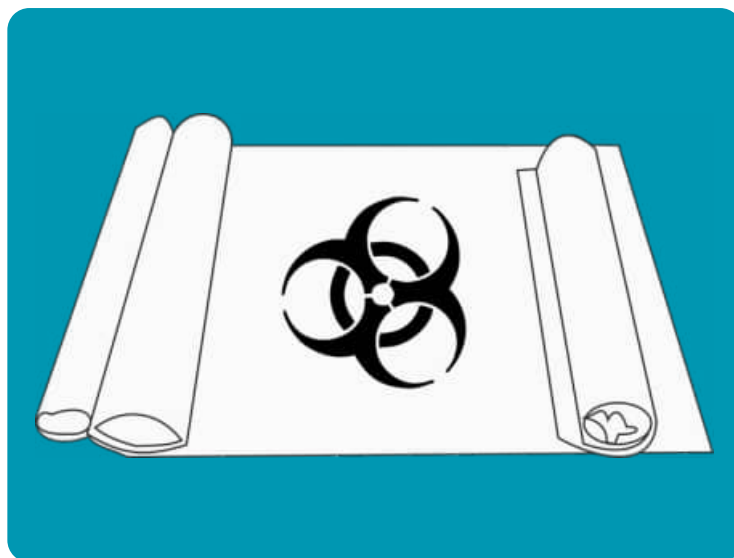

Controlled
incineration

DIMENSIONS

Model	Dimensions	Capacity	Gusset
LAM-20-2000	7.8 x 11.8 in	2.2 lb	NO
LAM-30-200	11.8 x 15.7 in	5.5 lb	NO
LAM-50-200	18.1 x 19.7 in	22 lb	YES
LAM-55-200	21.6 x 23.6 in	39.7 lb	YES
LAM-60-200	23.6 x 23.6 in	66.1 lb	YES
LAM-61-200	23.6 x 31.5 in	61.7 lb	YES
LAM-90-200	27.6 x 35.4 in	66.1 lb	YES
LAM-110-200	30.7 x 43 in	75 lb	YES
LAM-120-200	35.4 x 47.2 in	86 lb	YES
LAM-122-200	39.3 x 47.2 in	92.6 lb	YES

MATERIAL COMPOSITION

	Chlorine-free
	Total heavy-metal content: ≤ 1 ppm

DESIGN & USE

- **The Yellow BIHW Bag** is designed for the secure containment, transport, and disposal of biological-infectious hazardous waste in medical and laboratory environments. The durable construction reduces the risk of leaks and contamination, supporting strict safety protocols. The bright yellow color and clear warning symbols ensure proper identification and compliant waste management

Prioritize safety with every use!
