

SUPER BIN 780 VENTED PALLET CONTAINER

CODE: SUPER-BIN-780

DESCRIPTION

The Super Bin 780 Vented Pallet Container is a robust and versatile solution designed for harvesting, transportation, and storage of fruits, vegetables, and a wide range of agricultural or industrial products.

High-strength polymer construction delivers strong impact resistance, enabling reliable performance under demanding field and warehouse conditions.

Manufactured in Mexico in compliance with high-level quality and food safety standards.

FEATURES

- Four ergonomic hand slots enable manual lifting and handling without the need for machinery
- Secure stacking capacity reaches up to 882 lb per unit through structural rigidity and balanced weight distribution
- Designed for extended outdoor exposure, maintaining mechanical performance and color stability under sun, rain, and extreme temperature variation

Resists sudden temperature changes

These containers are used in industrial environments

Features a forklift opening
