

# 360 A POLY BOX TRUCK

CODE: CARROMÓVIL 360 A

## DESCRIPTION

The 360 A Poly Box Truck has been developed as a durable, practical, and efficient solution for material transport in industrial and hospitality environments.

High-strength polymer construction delivers strong resistance to impacts and deformation, extending service life even under demanding conditions.

A closed-body design helps reduce contamination risks, making the unit suitable for applications where hygiene standards are a priority.

## FEATURES

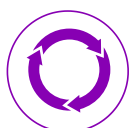

- Four 4-inch heavy-duty caster wheels
- High-strength polymer construction
- Manual lifting system
- High weather resistance for indoor and outdoor use
- Two removable polymer bins integrated inside
- Built to withstand harsh weather conditions

Resists sudden temperature changes

Built to resist impacts

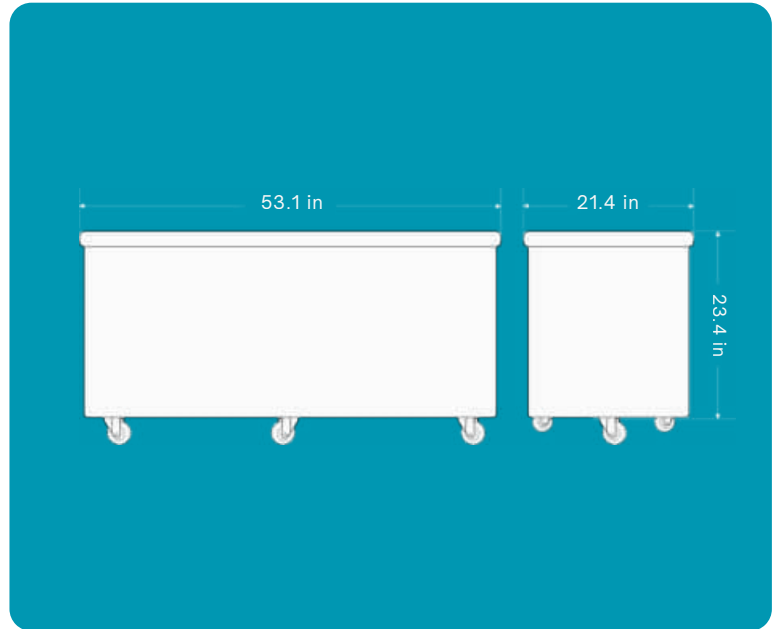

Designed for easy handling

## DIMENSIONS

	Length	53.1 in
	Width	21.4 in
	Height	23.4 in
	Capacity	95 gal

Container color classification:

## DESIGN & USE

- Efficient and safe transport for a wide range of materials
- Robust structure designed for demanding industrial conditions
- Smooth maneuvering enabled by caster wheels
- Suitable for environments with strict hygiene requirements
- Well-suited for logistics, laundry operations, waste collection, and food handling tasks

Enhance workflow efficiency  
through a durable  
and functional solution
