

# 390 A POLY BOX TRUCK

CODE: CARROMOVIL 390A

## DESCRIPTION

The 390 A Poly Box Truck is a rectangular container designed as a durable, hygienic, and practical solution for collection, storage, and transport tasks. Manufactured from high-strength polymer, the structure delivers excellent rigidity and helps prevent deformation under heavy use or demanding loads.

Two 4-inch caster wheels provide reliable maneuverability and stability during movement, even across narrow or uneven surfaces.

Resists sudden temperature changes

Built to resist impacts

Designed for easy handling

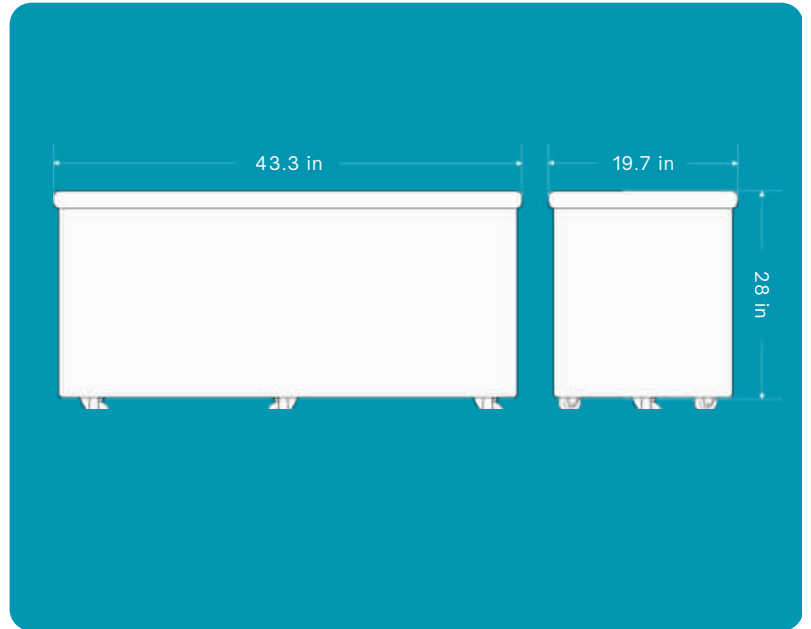

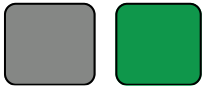

## FEATURES

- Manufactured from high-strength polymer for demanding applications
- Equipped with two 4-inch caster wheels and two 4-inch fixed wheels to enhance stability during movement
- UV resistance for extended outdoor use
- Built to perform under challenging weather conditions

## DIMENSIONS

 Length	43.3 in
 Width	19.7 in
 Height	28 in
 Capacity	103 gal

Container color classification:

## DESIGN & USE

- Built for efficient transport and handling of waste and assorted materials
- Smooth finish limits residue accumulation and allows quick cleaning
- Durable material with strong resistance to impact and weather conditions
- Contributes to hygienic operations in industrial and hotel facilities
- Strategic wheel placement delivers controlled and efficient movement
- Compact and functional design developed for continuous operation

Enhance workflow efficiency  
through a durable  
and functional solution
