

TWIN 500

DOME TOP TRASH CAN

DESCRIPTION

The material of the **TWIN 500 Dome Top Trash Can** is medium-density polyethylene through a rotational molding process which gathers resistance to impacts and avoids deformations.

- It has two parts: a trash can and a lid.
- UV protection.
- It's resistant to weather conditions.
- Detachable lid.
- The rectangular opening prevents the deposit of larger trash bags.
- The design makes it adaptable for fixing it to a wall or joining two trash cans together.

FUNCTIONALITY

The **TWIN 500 DOME TOP TRASH CAN** is ideal for outdoor use.

- Ideal for waste collection in schools, parks, and residential units and for keeping public spaces clean.
