

SUPER BIN 780 R VENTED PALLET CONTAINER

CODE: S-BIN-780-R

DESCRIPTION

The **Super BIN 780 R Vented Pallet Container** is designed for harvesting, transport, and storage of fruits, vegetables, and a wide range of agricultural or industrial products.

A vented structure with 5 mm openings allows air circulation, helping improve the preservation of fresh goods.

Manufactured in Mexico using high-quality, durable materials for demanding operational conditions.

FEATURES

- 5 mm ventilation slots enable strong airflow, suitable for fresh products such as fruits and vegetables
- The container withstands heavy impacts, temperature variation, and intensive use in industrial or agricultural environments
- FDA-approved material allows direct contact with food products, helping prevent chemical or bacterial contamination
- Designed with sustainability in mind, the container can be fully recycled at the end of the service life

Resists sudden temperature changes

These containers are used in industrial environments

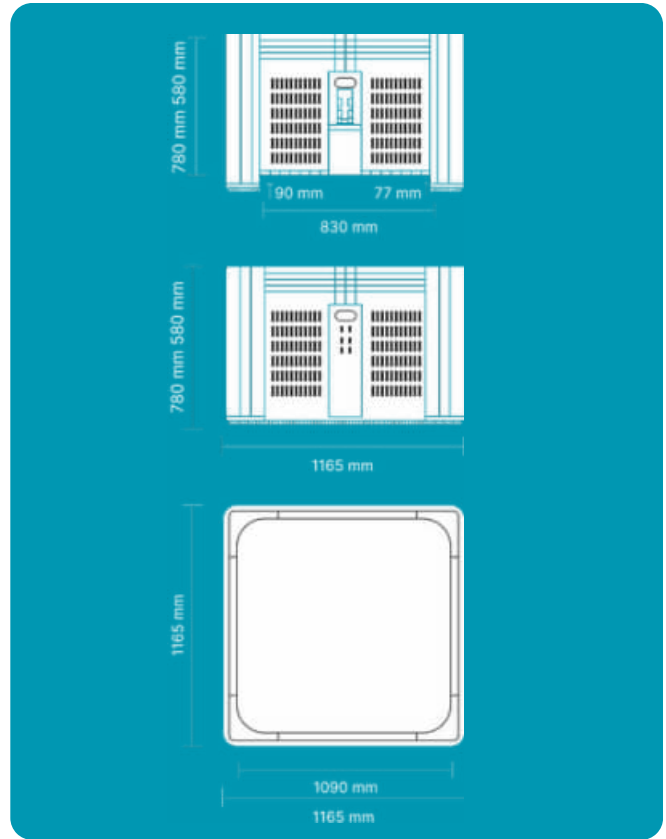

Features a forklift opening

DIMENSIONS

 Length	1165.0 mm
 Width	1165.0 mm
