

SKYCOLUMN PLANTER

CODE: TIUM-CA76

DESCRIPTION

The SkyColumn Planter combines durability and design with high-strength polymer construction. Seamlessly molded in a single piece, this design eliminates joints and rivets, minimizing weak points while ensuring maximum structural stability.

FEATURES

- Weather-resistant and UV-stable, making it ideal for outdoor use
- Available with or without coating
- Manufactured from high-strength polymer
- Highly durable, withstanding prolonged exposure to sun and rain

Resists sudden temperature changes

Built-in reabsorption mechanism

DIMENSIONS

 Height	30 in
 Diameter	12.2 in
 Weight	5.5 lb

Planter color coding:

DESIGN & USE

- Suitable for indoor and outdoor environments, enhancing spaces with a refined vertical aesthetic
- The long, slim form brings a contemporary touch to gardens, terraces, lobbies, and interior spaces
- Ideal for defining visual boundaries or guiding movement through parks, hallways, and shared areas
- The tall design supports better vertical development for deep-rooting plants and improves overall plant visibility
