

TIUM CC81 CONICAL PLANTER

CODE: TIUM-CC81

DESCRIPCIÓN

Manufactured from durable high-strength polymer, the TIUM CC81 Conical Planter features a continuous, jointless structure that prevents weak spots and ensures long-lasting stability in everyday use.

Designed for outdoor settings, it endures harsh weather changes, provides reliable UV protection, and is available with an optional outer coating, allowing it to adapt seamlessly to diverse aesthetic and functional preferences. The elegant conical design makes it an ideal choice for both public and private spaces.

Resists sudden temperature changes

Built-in reabsorption mechanism
