

55 CLASSIC PLANTER

CODE: TIUM-CP55

DESCRIPTION

The 55 Classic Planter combines functionality and long-lasting style in a durable, one-piece design. Created to showcase plants and enhance any setting, it meets the needs of users seeking reliable decorative solutions.

The high-strength polymer construction delivers outstanding structural integrity with no seams or stress points, ensuring exceptional durability and resistance to impacts and deformation.

Integrated UV protection keeps the planter's original color and finish intact, even after prolonged exposure to sunlight.

FEATURES

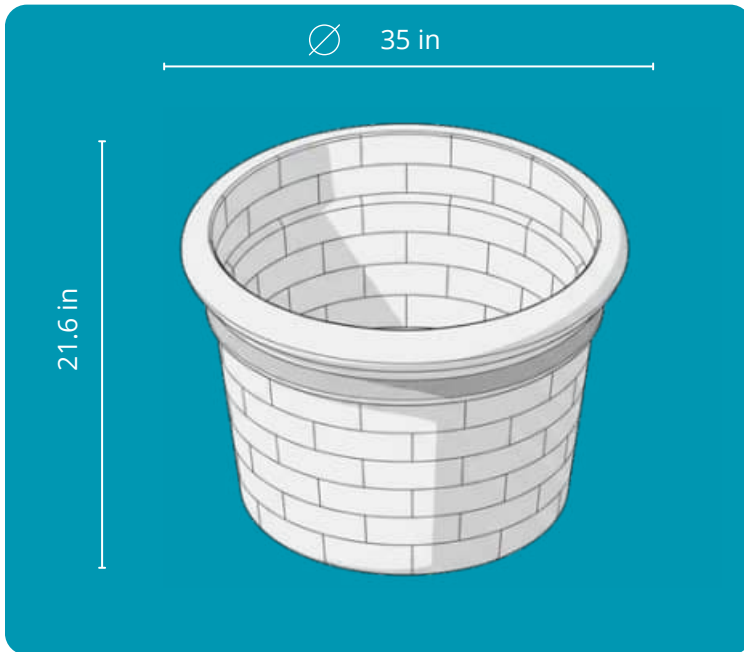

- Built to withstand impacts, warping, and heavy daily use
- UV-stabilized to maintain its color and surface appearance over time
- Timeless conical shape that adapts to a wide variety of environments
- Available with optional specialized coating
- Finishes and colors can be customized
- Effortless to handle, yet impressively stable
- Designed for indoor and outdoor use

Resists sudden
temperature
changes
