

TIUM TJ91 VASE PLANTER

CODE: TIUM-TJ91

DESCRIPTION

Manufactured from durable high-strength polymer, the TIUM TJ91 Vase Planter features a continuous, jointless structure that prevents weak spots and ensures long-lasting stability in everyday use.

Developed for demanding outdoor conditions, it incorporates UV resistance and is offered with or without an extra surface coating.

The aesthetic yet practical design makes this model an excellent choice for landscaping applications, urban environments, and interior design projects.

FEATURES
