

RECIMAX

DOUBLE-STREAM RECYCLING BIN

CUSTOMIZATION

According to your needs, it can be labeled with your logo or the type of material it contains.

DESCRIPTION

The material of the **RECIMAX** is medium-density polyethylene through a rotational molding process which gathers higher resistance to impacts and avoids deformations.

- UV protection.
- It's resistant to weather conditions.
- It includes a special fastening system that attaches to the recycling bin.
- The lid has two openings.

FUNCTIONALITY

The **Double-stream Recycling Bin** is ideal for indoor use.

- It works for waste separation.
- Since it's perfect for waste collection, it helps keep public spaces clean.
- It works as a temporary recycling bin in closed places like offices, schools, hospitals, and shopping malls.
- Easy to clean.
- Avoids sources of infection.
