

Barcelona Bench

Code: BA-BA-2000M, BA-BA-2000L, BA-BA-2000P

Leader don't follow steps
... marks the way

- The **Barcelona** bench model includes modern design support, integrates special structure manufactured in 100% recycled medium density polyethylene.

:The seat and backrest can be produced from:

- » Wooden board with maritime polyurethane finishing.
- » Profile of plastic-wood
- » Steel dye cast cal. 12 and can carry your laser-cutted logo or your message in the back.

- Are elements of urban furniture that provides people a place to rest a while in the middle of street.
- To be installed same in interiors or exteriors because its material are all weather resistant (temperature changes, UV rays, hail and else).
- Minimum maintenance required: only clean oftenly to keep them in perfect condition.
- The bench line we are offering is in two sizes (A= 5 ft 10.86 in. or B= 9 ft 10.1 in.) but -thanks to its strong supports- you can choose any measure according your needs.

FEATURES

- The simple and elegant design of the Barcelona benches model gives a modern image that combines perfectly with vanguardist architecture.
- The supports are constructed on 100% recycled medium density polyethylene.
- The supports, seats and backrests are assembled with nuts and (galvanized) lenticular head screws.
- Benches are anchored to floor with "ultrafix"screws cal .3/8" x 5.9 in. and expansive polypropylene tacketts "extralarge" cal. 3/4" x 5.51 in.
- The short model bench (70.86 in.) allows four or three sitting persons, and in the bigger (118.11 in.) between 5 or 6 persons.
- The materials of **Barcelona** benches are all weather resistant, so are ideal for gardens, parks, street and every urban zone.

RECOMMENDED USE

The advanced design of the **Barcelona** benches armonize with esplanades, corporative building terraces, shopping plazas with open air zones, bringing a comfortable and beauty place where people can be seated to wait a date, to chat or simply have a little rest in its way.
