Barcelona Bollard

Code: PIC-BA-I

Measures are nominal and can vary, between +/- 2%. All dimensions in inches.

Measure

Total	Work height: 40.15 in. Base width: 9.05 in. each side
Reflectives:	None
Color reflectives:	None
Weight aprox:	53.46 lb.

First mark the auger ubication, then perforate a hole 10 inches diameter and 9 inches depth with a perforating punch. Clear of dirt the hole as possible and pour the cement mix (previously prepared). Insert just the bollard base, check the level (no more, no less) and fill the rest of the hole to get a good cimentation.
