

Tuscany Bollard

Code: BO-TOS-F / BO-TOS-A

A leader doesn't follow
... but marks the way

WHAT THE BOLLARDS ARE?

Device manufactured in 14-gauge steel sheet, finished with a resistant, black, yellow, red, orange or green enamel, this device prevents the forbidden parking and warns motorists about the areas intended for pedestrian.

Perfect to maintain the order and safety in spaces with high flow, ensuring areas for pedestrians are free of obstructions and well delineated.

Ideal for any area that requires a delimitation and efficient direction of pedestrian transit.

Suitable for parks, public squares, malls, condominiums, restaurants, hotels, parking lot zones, warehouses, storage, stadiums, and more, this bollard offers an aesthetic and convenient solution to delineate spaces.

Features

- Tuscany bollard combines a classic design and a great presence with the necessary functionality and adaptability for any environment.
- Elegant design that adapts to diverse environments, adding a sophisticated touch for any space.
- Manufactured in steel, guaranteeing durability and resistance.
- It offers an option resistant to humidity and extreme temperature changes, ensuring longevity in different climate conditions.
- Available versions:
- **Fixed:** Equipped with steel base to maintain it still, ideal for areas that require a permanent delineation.
- **Flexible:** ABS base and inner system that allow a bollard to tilt in case of impact, recovering the vertical position automatically.
- Available with reflective band in white and red color to improve visibility and safety in low light conditions.
- It perfectly adapts to any environment, from urban areas to commercial and residential spaces.
- Made to resist heavy duty use and weather inclemency, maintaining its aspect and functionality.
- Tuscany bollard not only provides a functional solution to delineate areas, but provides an aesthetic and elegant design that enhances any environment where is placed.

Tuscany Bollard

Code: BO-TOS-F / BO-TOS-A

Measures are nominal and may vary by +/- 2%.

Dimensions in: in

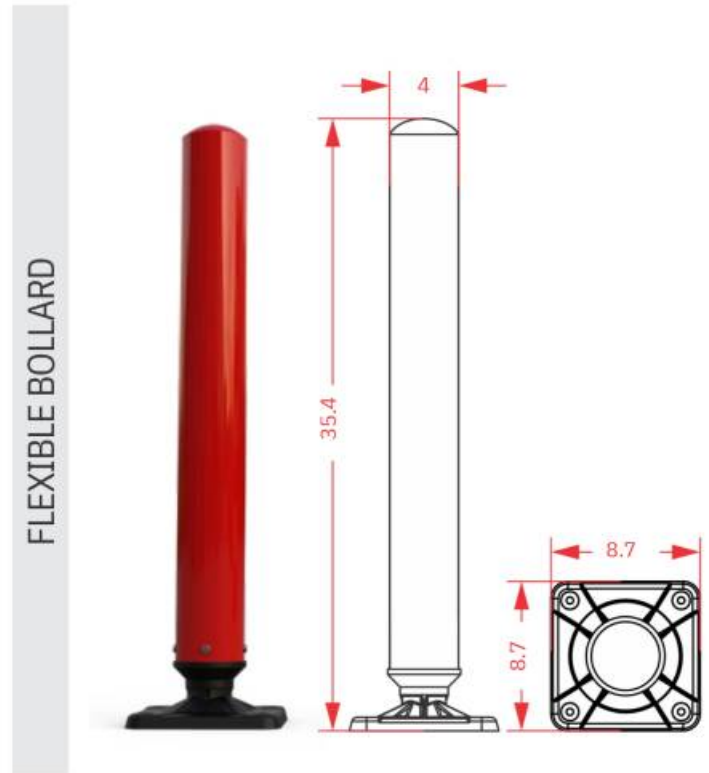

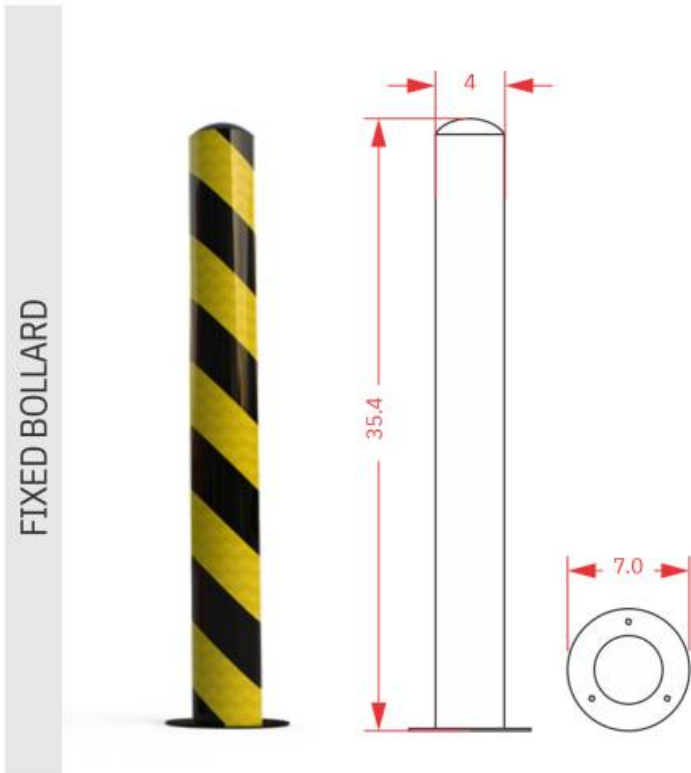

Measurements

Fixed

Body Diameter: 4.00" (10.16 cm)
Base Diameter: 7.0" (18.0 cm)
Total Height: 35.4" (90.0 cm)

Flexible

Body Diameter: 4.00" (10.16 cm)
Base: 8.7 x 8.7" (22.3 x 22.3 cm)
Total Height: 35.4" (90.0 cm)

Anchoring

21 v Ø 3/8" x 5.9"
 Hex Head Ultrafix Screw
 Ø 0.7" x 5.5"
 Extralarge Anchors

Anchoring System

Mark the boreholes where the bollards will be placed. Drill the boreholes with a 3/4" drill bit for concrete to a 7" depth.

Insert the extralarge anchors in every borehole and mount the bollard.

Place the 3/8" screw/flat washer and tighten with a 9/16" socket wrench.

DONE!
