

Leader don't follow steps  
... marks the way

Images are merely illustrative models.

## FEATURES:

- \* Semi-flexible cone.
- \* High shock resistant.
- \* Manufactured out in one piece, quadrangular base with rounded corners.
- \* Design, color and weight make this cone a very visible item during nights.
- \* With no sharpen edges, no metal parts is a complete harmless product.
- \* Very durable and all weather resistant including snow, every extreme temperature changes and UV rays.
- \* Useful in deviations, on-road works, traffic counter-flows, landslides and accidents.

## TECHNICAL DATA

- |                               |   |
|-------------------------------|---|
| * <b>Manufactured in:</b>     | High Density Polyethylene                             |
| * <b>Color:</b>               | Yellow.   |
| * <b>Aprox. weight:</b>       | 24,40 oz  |
| * <b>Measure:</b>             | Quadrangular Base: 9.6 in. by side.<br>Height: 18 in. |
| * <b>Optional reflective:</b> | Engineering Grade Reflective.                         |
