

# 113 Delineator Post

Code: IT-113

True leaders do not follow,  
...they lead the way

## WHAT IS THE 113 DELINEATOR POST?

Manufactured from durable, high-strength polymer with weighted bases for maximum stability.

The 113 Delineator Post ensures dependable traffic guidance on both straight and curved roadways. Reflective bands enhance nighttime visibility.

Perfectly suited for roads and parking areas, this device manages two-way traffic, roadworks, detours, gores, exposed manholes, and similar hazards.

## Features

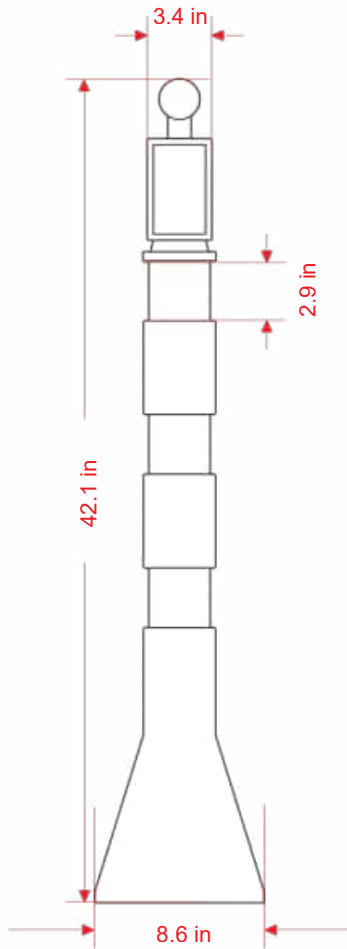

- This post has an elegant, refined design.
- Perfect for temporary traffic control and zone marking, this delineator post combines reliability with affordability.
- Featuring an ergonomic top, this device enables easy handling and quick relocation, while optional fittings support barrier tape or chains.
- Supplied with a weighted base for superior wind resistance.
- With three reflective body bands and a top rectangular reflective element, visibility is maximized.
- Made from high-strength polymer with UV protection, it endures extreme weather and temperature changes.
- Available in black, orange, blue, or yellow, it is a fast, practical, and long-lasting solution for temporary signage.
