

PREMIUM SIGN SUSPENDED

A leader doesn't follow,
marks the road...

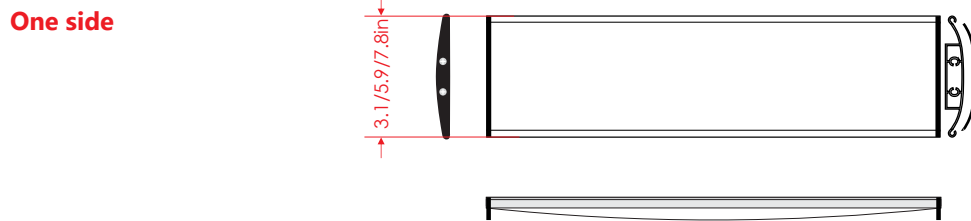

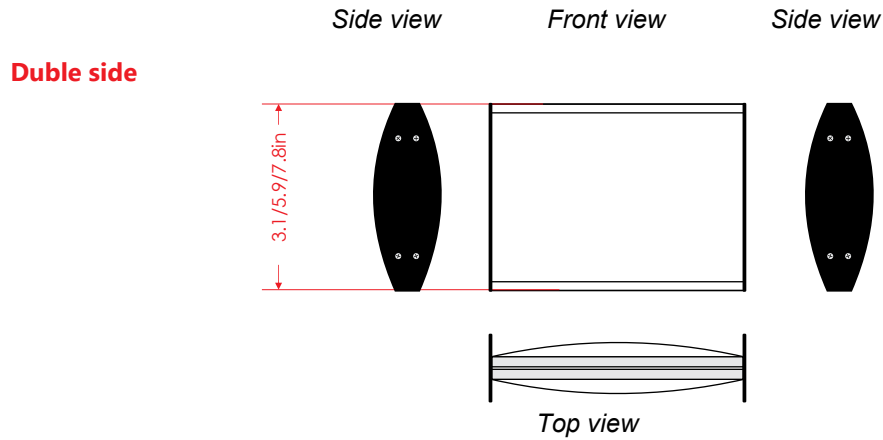

WHAT THE PREMIUM SIGNS ARE?

- Signage of high profile, elegance and high quality.
- It can be used in indoors and outdoors.
- Created with labels of curved front.
- Different designs: directional or suspended.
- Made of natural aluminum profile, anodized, satin-finished, curved extruded.
- The suspended premium is used with caps especially designed to create a great variety of simple labels or double side labels.
- The polyethylene supports and roof connectors fasten the 1/16" galvanized steel wire and accept profiles of standard size installed in a single piece or in set, creating a lot of combinations.
- The frames accept any flexible film, whether is digital printing or label, in addition, to use photoluminiscent, this help safety signs to be seen without light.
- With non-reflective covers available in glossy or matte.
- This innovation allows an easy installation and detachment for any necessary maintenance or change.
- If required a modification, only the label changes, it isn't necessary to take off the sign.
- Due the fine and excellent quality ensures a prolonged durability, due it doesn't rusts.
