

A leader doesn't follow steps
... he marks the way

FLEXIBLE ROAD STUD

VF-135 & VF-135-B

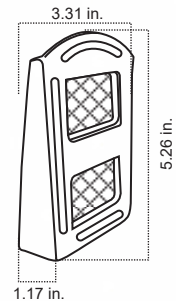

Features

- * Temporary and flexible road stud.
- * The flexibility makes it highly resistant to vehicle impacts.
- * Made of Vitem-flex®.
- * It doesn't deform even with hits.
- * When it gets hit, it returns to its original position.
- * Orange color of great visibility.
- * Long working life.
- * It's an excellent option for road works, repairs; or as a temporary sign in potholes or open sewers.
- * It has two high-intensity reflectives that help improve its visibility at night.
- * Self-adhesive presentations.
- * 100% stackable.
